Baseball Factory Scouting Comments & Notes:

03/07/2021 - Official College Recruiting Membership - Lawrenceville (Atlanta), GA

Zachary is a 2022 OF. Tall frame with some physicality to the build but remaining room to fill out. Primary outfielder fields the ball out front and comes through ground balls well. Tries to work behind fly balls. Carries momentum into a clean transfer with a high 3/4 release and accurate arm to the plate. Right-handed hitter starts with an even stance and crouched position. Works short/direct to the ball on a level swing path. Has the ability to turn the barrel with a bat exit velocity of 87mph. Line drive contact to the middle of the field. 2 years of continued growth and development will bode well for his career at the next level.

Additional Notes (Baseball Factory): Pretty easy evaluation here. Definite college prospect, huge upside. Makes all the plays in the outfield…Swing is outstanding. Smooth with quick hands. Upper and lower body is connected. Head is still, uses the whole field. Could be special with proper training and hard work…has D1 upside.

60 Yard: 6.55 seconds
